

The S.T.E.A.M. Program at Sylvania Heights Elementary School is designed to integrate science, math, and the arts. The STEAM curriculum shows students how all the components of education and life work together. The STEAM program prepares students for the jobs of the 21st century with technology at its core. The use of technology is infused throughout all of the subjects and classroom activities. The STEAM program is implemented in kindergarten through 5th grade.

Benefits of the STEAM program for your child:

- ✓ Participate in science and math related field trips
- ✓ Visit college and university campuses
- ✓ Participate in science, math, and art competitions
- ✓ Learn through the use of the latest technology
- ✓ Extensive use of computers which keeps students engaged in their learning
- ✓ Access to a science lab each week with up to date materials
- ✓ Language arts activities that emphasize on student produced publications.

All students who submit an application will be considered for the program. Yet, academics, conduct, and attendance will be considered when making a final decision for participation in the STEAM program. Please call 305-266-3511 or visit the school at 5901 SW 16th Street Miami, Florida 33155.

PROGRAM GUIDELINES:

- ⊙ All students who apply will be considered for the program but placement in the program is not guaranteed
- ⊙ Eligibility will be determined by student's academic performance, conduct, attendance, and test scores.
- ⊙ Students must continue to meet high academic and behavioral expectations in order to remain in the STEAM program.
- ⊙ When the number of applicants exceeds the number of available spaces, students will be selected randomly

STUDENT APPLICATION
